

What Did I Start With? Three in a Row Game

Instructions:

- 1. Turn over a card and work out the answer.
- 2. If you have that number on your card cover that number with a counter, if not, turn it back over.
- 3. The first person to get 3 in a row is the winner.

Use fraction strips and objects to help you work out the answer. Leave these on the table for your teacher to see.

12	4	8
20	6	15
