

Pupil premium grant expenditure: Report to parents: 2016/17

Overview of the school

Number of pupils and pupil premium grant (PPG) received	
Total number of pupils on roll	177
Total number of pupils eligible for PPG	6
Amount of PPG received per pupil	£1300 Pupil Premium £300 Service Children
Total amount of PPG received	£11,620

Nature of support 2016/17

The funding received from Pupil Premium has been allocated in the following ways.

- Employ an ELSA assistance to support individual children to improve confidence, well being, self esteem and lowering behaviour incidents. The ELSA also ran a Lunchtime club to support vulnerable children during this time.
- Funding club activities to ensure the children are able to participate and give children the opportunity to experience new and challenging activities.
- Funding school trips
- Resources for intervention groups to enhance the children's learning
- LSA support at lunchtimes to work with pupils who have been identified with difficulties.

Curriculum focus of PPG spending 2016/17

The school focused its additional support targeting the following areas by increasing Teacher and Learning support:

- Targeted Maths intervention for small groups of children in order to close the gap.
- Targeted reading intervention for small groups to improve comprehension skills and bring the children who were accessing the provision up by a minimum of 2 sub levels.
- Targeted support for children who did not meet the requirements of the Year 1 phonics screening check

The ELSA assistant worked with small groups of disadvantaged children to help them with social and emotional needs.

Measuring the impact of PPG spending

ELSA

Children have benefited from the increased ELSA support with improved attendance along with improved self confidence, self esteem and better behaviour. 100% of children accessing this provision managed to narrow the gap within their learning.

CLUB ACTIVITIES

The club activities improved the children's self-confidence and social awareness which in turn has a positive impact on their learning within the classroom.

SCHOOL TRIPS

Attendance by all children on school day trips allowed purposeful first hand experiences to support school learning and increased children's enthusiasm and attitude to learning.

INTERVENTION

Children accessing intervention groups made excellent progress and we were able to narrow the gap. Maths results for children within intervention groups was outstanding, with 100% of children making expected, if not better, progress.

Pupil Premium 2017/18

In 2017/18 the school is expected to receive £19,439 in Pupil Premium.

The school will continue to provide the additional ELSA support across the school as evidence shows the impact has a positive effect.

Continue to fund activities, such as after school clubs, for eligible children.

Continue to run small group interventions in order to close the gap

Continue to provide ELSA support for children
